Package discounts apply to direct dialed and station to station calls only. Calling cards, toll free services and operator assisted calls are not included. Long distance rates apply to domestic United States (excluding Alaska and Hawaii) and Canada. Contact your Customer Service Representative for international long distance rates. *Per minute cost may vary based on package level purchased. The monthly charges do not include any equipment charges, taxes, fees, other surcharges, or long distance charges beyond any allotted minutes. FCC Line Charge, Universal Service Fee, taxes and other charges apply. ²Estimated monthly savings will vary depending on prior long distance usage and local line rate. ³Additional minutes of long distance use beyond the allotted minutes of your plan are billed at 10 cents per minute. If you no longer use FairPoint Long Distance as your long distance carrier, the bundled offering will no longer apply, and local service and optional features will be billed at normal tariffed rates. This offer cannot be combined with other discounts or promotions unless otherwise indicated. Customers must be authorized to make account changes to all accounts. Customers with a security deposit, credit limit, non-basic block or toll block are not eligible. Available only to residential customers in selected areas. Not all services available on all lines. Home Phone 1500 Minute Plans are for Voice Only calls. Additional terms and conditions may apply. ©2006 FairPoint Communications, 155 Gannett Drive, So. Portland, ME 04106. 1-800-400-5568. Available for a limited time only. Savings may be higher depending on location.

Home Phone Calling Features

Standard Calling Features

(included with each Home Phone plan)

- > **Caller ID With Name** - Identifies callers by name and telephone number.
 - The caller's name and phone number appear on a display screen. The date and time of each incoming call is also recorded.
- > **Voice Mail** - Records a message and provides the time and date the message was left. You can access your voice mail from any phone and from any location.
- > **Call Waiting** - Notifies you of a second caller, preventing you from missing important calls while you're on the phone
 - A "beep" alerts of a second caller. Simply press the switchhook or "flash" button to answer. Press the switchhook or "flash" button again to switch between the two calls.

Additional Calling Features

In addition to the Standard Calling Features, **Home Phone** plans give you the option to add these five additional features for just \$5.

- > **Call Forwarding** - Lets you forward all calls to another number, preventing you from missing important calls
 - Dial *72 and listen for the dial tone
 - Dial the full phone number where your calls should be forwarded. You should hear two "beeps." Your Call Forwarding feature is now working, although you can still make out bound calls from this phone.
 - Deactivate Call Forwarding by dialing *73
 - Once you hear the two "beeps," your Call Forwarding feature has been deactivated.
- > **3-Way Calling** - Lets you add a third-party at a different location to your existing call
 - Press the switchhook or "flash" button to place your caller on hold

- When you hear the dial tone, dial the complete number of the person you want to add to the call
- When the third party answers, press the "flash" button to join all callers
- To disconnect the third party, press "flash" again to have only the original party on the line
- If either of the two parties hangs up, you can continue talking to the remaining party

- > **Call Return (*69)** - Lets you automatically dial the last number that rang your phone
 - Dial *69 to be reconnected to the last number that called your phone
 - If the line is busy, Call Return will keep trying to return your call for 30 minutes
 - Simply hang up, and when the number is available, Call Return will alert you with a ring - Dial *89 to deactivate Call Return
- > **Continuous Redial (*66)** - Enables you to redial a busy number automatically until a connection is made
 - Hang up the phone, pick up the receiver and dial *66 then hang up again
 - Your phone will automatically dial the busy number for up to 30 minutes and then ring you back when the line is free
 - Dial *86 to deactivate Repeat Dial
- > **Anonymous Call Rejection** - Allows you to reject callers who have blocked the display of their number from Caller ID devices. Announces to callers they must unlock their number to reach you. The caller must press *82 the show their ID. (May not be available in all areas.)

- > **Do Not Disturb** - Informs telemarketers that you do not want to receive calls.
 - All callers will receive an announcement saying, "You have called a number which does not accept calls from Telemarketers. All other callers may press '1' if they wish to complete the call".
 - Dial *54 to activate; Dial *55 to deactivate. (May not be available in all areas.)
